SECRET

3. Trips

(1) [REDACTED] visited ATIC, Dayton, Ohio, 8 and 9 October, for discussions on ATIC plans and programs in missile intelligence field.

(2) [REDACTED] attended Joint Military-Industry Guided Missile Reliability Symposium, Redstone Arsenal, Huntsville, Alabama, 15-17 October; remaining at Redstone 18 October for discussions on Army missile cost data, and at the Army Ballistic Missile Agency (ABMA) 19 October for discussions and orientation.

4. Administration

(1) Request for stand-by processing of [REDACTED] for possible TDY assignment to [REDACTED] to support forthcoming returnee interrogations approved and implemented.

(2) [REDACTED] transferred to the Office of Training effective 9 October 1956.

5. Plans

(1) With completion of support to NIE 11-5-56 (late November) plan extensive reassessment of branch research program.

(2) Plan to initiate request for West Coast visit to complete counterpart collection program on Nike missile; and carry out discussions with cost analysis groups at [REDACTED]

6. Problems

Branch work is hampered by a shortage of personnel. We have two professional vacancies.

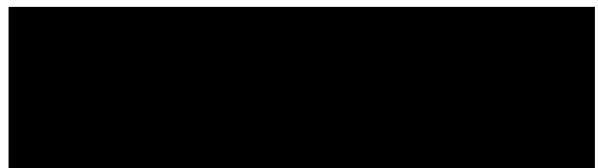

7. Recommendations

No comments.

8. Other Information

A number of valuable responses are coming in, in response to our request for reinterrogation of Soviet defectors on the probable organization of the Soviet missile program.
